Images app does not access or store any data related to you at any time. We don't have analytics in place, or cookies, and we don't track you or share your information in any way.

No information leaves your device at all. If you choose to use **Images** this will store only your **Bookmarks** to share them among your devices, but they will be stored encrypted and even if they are on a public database in **iCloud** they will only be accessible by you, no one else can access them.

The **Safari** and **Web** extension of **Images** require full access to the websites you browse, but that is only to download images for you, the app doesn't do anything else with that access and doesn't store any information from it, it also doesn't access any sensitive information and doesn't share any information with anyone.

Feel free to use this app as you please.
