## Total Privacy

**Offline app** does not access or store any data related to you at any time. We don't have analytics in place, or cookies, and we don't track you or share your information in any way.

No information leaves your device at all. If you choose to use **Offline** this will store only your **Maps** to share them among your devices, but they will be stored encrypted and even if they are on a public database in **iCloud** they will only be accessible by you, no one else can access them.

You can grant **Offline** access to your location, with this permission Offline can provide you with navigation when using one of your maps, it can also help you create maps based on your current location. This permission is not necessary and you can opt to not grant it and still have full use of the app.

If you choose to grant it, your personal information, including your location, is not shared with anyone, nor it is stored anywhere.

**Offline** uses **Apple Maps** as a map engine.

Feel free to use this app as you please.
