Total Privacy

Videos app does not access or store any data related to you at any time. We don't have analytics in place, or cookies, and we don't track you or share your information in any way.

No information leaves your device at all. If you choose to use **Videos** this will store only your **Bookmarks** to share them among your devices, but they will be stored encrypted and even if they are on a public database in **iCloud** they will only be accessible by you, no one else can access them.

The **Safari** and **Web** extension of **Videos** require full access to the websites you browse, but that is only to download images for you, the app doesn't do anything else with that access and doesn't store any information from it, it also doesn't access any sensitive information and doesn't share any information with anyone.

We don't own the videos that are being shared or downloaded, and the rights and ownership of those videos remain as stated on the websites and pages found, and if they are not explicitly stated it is assumed that the rights and ownership are from the publisher or developer of those websites and pages.

By downloading and sharing videos with this app and this extension you must respect the rights and ownership of those videos, and downloading and sharing them should be only for informational purposes and only when and where it is allowed.

We, and videos app, claim no responsibility whatsoever over how you or anyone uses the videos downloaded or shared.

Feel free to use this app as you please.
